

Volunteers Needed for Huntington's Disease Research!

Trinity College Dublin
Coláiste na Tríonóide, Baile Átha Cliath
The University of Dublin

Huntington's Disease
Association of Ireland

Monkstown Hospital Foundation

Researchers at **Beaumont Hospital** and **Trinity College Dublin**, led by Professor Niall Pender and Professor Orla Hardiman, are seeking volunteers to participate in **research** into **Huntington's disease** in Ireland.

Please contact us if you are > 18 yrs and fall into any of the following groups:

1. **First- and second-degree relatives** of people with Huntington's disease
(Parents, siblings, children, uncles, aunts, nephews, neices, grandchildren, half-siblings)
2. People **WITH** the Huntington's disease gene, **at any stage of disease**
3. **Spouses / Caregivers** of patients with Huntington's disease
4. **Non-HD volunteers** who are **NOT** related to anyone with Huntington's disease
(e.g.: Friends, carers, partners/spouses)

This research involves completing a online questionnaire at your convenience.

You may also be invited to participate in more detailed research involving an online neuropsychological assessment and a brief physical examination at a **later** date. These are **optional**, extra research items and will be discussed with you individually if you are interested and depending on suitability.
